

CCoA opposes cuts to Medicare, Medicaid and Social Security

The California Commission on Aging (CCoA) opposes the House sponsored federal budget bill that will make drastic cuts to Medicare, Medicaid and Social Security.

On July 19th the House Budget Committee passed the FY 2018 budget resolution which would make drastic cuts to Medicare, Medicaid and Social Security. The vote was along party lines.

The budget resolution calls for \$487 billion in cuts to Medicare and \$1.5 trillion cuts to Medicaid and other programs. The Medicare cuts would be implemented over a ten-year time frame.
